GRAND FORKS, ND 58203

Distance Nearest Occupied Building: 500 Feet

Release Contained: Yes

Type of Incident: OIL

Description of Released Contaminant: OIL

Volume Spilled: 5.00 gallons

Ag Related: No

EPA Extremely Hazardous Substance: Unknown

Reported to NRC: Unknown

Cause of Incident:

UNKNOWN SOIL SPILL

Risk Evaluation:

NONE

of Fatalities: 0

of Injuries: 0

Affected Medium: 03 - soil

Potential Environmental Impacts:

NONE

Action Taken or Planned:

REMOVING CONTAMINATED SOIL

Wastes Disposal Location:

Agencies Involved:

Updates

Date: 9/6/2016 **Status:** Reviewed - Assigned to NDDoH Division **Author:** Martin, Russell

Updated Volume:

Notes:

Initially received call from Grand Forks fire department about the spill. Notified responsible party of requirements and the need to keep spill contained until it can be cleaned up, and to prevent it from reaching nearby standing water in ditch from recent rains.

Date: 9/9/2016 **Status:** Reviewed - Assigned to NDDoH Division **Author:** Martin, Russell

Updated Volume:

Notes:

Phone call with responsible party who has taken photos of the release and will take more photos to document the cleanup. Will also contact the city to find a proper disposal location for the impacted material. NDDoH requested copies of the disposal receipt and the photos once cleanup is complete.

Date: 9/9/2016 **Status:** Reviewed - Assigned to NDDoH Division **Author:** Martin, Russell

Updated Volume:

Notes:

NDDoH inspector on site contacted me with update. Spill appears to be larger than 5 gallons (Grand Forks Fire Department initially estimated ~250 gallons.). According to site employees, it appears someone dumped the oil there. No apparent pathway off site for the oil. A skidsteer has been moved to the area to excavate the impacted soil.
